FALL 2018

2018-2019 Information Sessions

Your school should be gearing up for this year's College Credit Plus information sessions, where parents and students can learn more about the program, including changes to the program. Secondary schools must invite all colleges within a 30 mile radius to the Information Session along with all students and families in grades 6 through 11. These sessions must be held each year between October 1 and February 15. Please consider using the Information Session PowerPoint presentation – add your customized slides at the end of the file! Links are available on the [Resources](#) page.

Reminder: The secondary schools are required to hold the session, but students/parents cannot be required to attend.
