

Memorandum

To: Melissa Lacroix, President of Bexley Board of Education
Mike Johnson, Superintendent of Schools

From: Laura Lipsett, Executive Director of School Programs

Date: 06.27.16

Subject: Reported bully incidences 2015-2016

The District is required to provide semi-annually to the president of the Board of Education a written summary of all reported bully incidences, as defined in Board Policies JFCF and JFCF-R, and to post the summary on the district Web site to the extent permitted by 3319.321 of the Ohio Revised Code and in accordance with Family Educational Rights and Privacy Act (FERPA) 1974.

On the District's Web site, there is an option for online reporting of bully incidences. Incidences may also be reported directly to building staff. Building principals follow-up by investigating and determining recourse. The District uses Power School to log incidences that fall under the District's definition of bullying. This memo includes incidences reported in Power School by principals.

Districts are required by law to report investigated and confirmed bully incidences to the state. Data is pulled from Power School by the District's database administrator and is reported to the State's Educational Management Instruction System (EMIS). For 2015-2016, bully incidences were reported only by middle and high school principals with no bully incidences reported by elementary principals:
